SAN MATEO COUNTY IS AT

Allowed Indoors

- ► Hair, nail, body waxing salons
- Restaurants at 25% capacity or 100 people, whichever is fewer
- Places of worship at 25% capacity or 100 people, whichever is fewer
- ► Museums, Zoos & Aquariums at 25% capacity
- Movie theaters at 25% capacity or 100 people, whichever is fewer
- ▶ Gyms & Fitness Centers at 10% capacity
- ► Malls can increase capacity to 50%

Not Currently Allowed to Resume Operation

► Bars, Breweries & Distilleries

Counties can move to a less restrictive level as COVID transmission goes down and testing goes up.

Stay diligent about keeping your distance, wearing your mask, getting tested, and following all protocols and directives.

For more information, visit smcgov.org

COUNTY STATISTICS

County COVID-19 Statistics

Because of limited testing capacity, the number of cases detected through testing represents only a small portion of the total number of likely cases in the County. COVID-19 data are reported as timely, accurately, and completely as we have available. Data are updated as we receive information that is more complete and will change over time as we learn more. Cases are lab-confirmed COVID-19 cases reported to San Mateo County Public Health by providers, commercial laboratories, and academic laboratories, including reporting results through the California Reportable Disease Information Exchange. A lab-confirmed case is defined as detection of SARS-CoV-2 RNA in a clinical specimen using a molecular amplification detection test. Cases are counted by episode date; episode date is defined as the earliest of; case symptom onset date, sample collection date, date of laboratory result, or date of death. Deaths reported in this dashboard include only San Mateo County residents; death data last updated February 22, 2021.
